# TAZ KIDS CLUBS & CAMPS

Camps and clubs for young Tasmanians aged 7–17 who have a parent or guardian affected by mental health.

## What are Taz Kids Clubs?

Taz Kids Clubs run for seven weeks in primary schools and high schools around Tasmania. Clubs offer a friendly, safe environment where young people can ask questions and get useful answers about mental health and well-being.

Clubs are a chance for young people to have fun, play games and work on creative projects together. Clubs also provide a peer group for children to better support each other. The content during Taz Kids Club differs on the age of the children.

## What are Taz Kids Camps?

Taz Kids Camps run during the school holidays at venues around Tasmania. They run for 2 - 5 days and give young people an opportunity to make new friends, be part of a team, get outdoors and have fun.

## Taz Kids also offers

- Family days
- Parenting support and workshops
- Newsletters
- Leadership opportunities for teenagers

All activities are provided free of charge and facilitated by qualified experienced staff from Anglicare.

Please contact us if you or a family member would like to access this service.
